ENERGY REDUCTION SEMINAR

June 16, 2009 - 8:00 a.m. to 10:00 a.m.

St. Louis Regional Chamber and Growth Association

One Metropolitan Square (211 N. Broadway) – Suite 1300, St. Louis, MO 63102

Find out how your company can reduce their energy usage and save money with rebates on energy efficiency equipment at this free seminar!

- Energy experts from **Burns & McDonnell** will show how to determine your company's greenhouse gas emissions and reduce your carbon footprint through a simple greenhouse gas inventory. *With just your utility bills and transportation usage, Burns and McDonnell can get you started in identifying ways to save energy.*
- Representatives from **Ameren's Business Energy Efficiency Program** will explain how you can receive cash incentives to install energy-efficient lighting, motors and HVAC equipment.

RCGA members will receive a 20% discount from Burns & McDonnell greenhouse gas emissions services for attending this free seminar.

Register to Eric Schneider at eschneider@stlrcga.org or (314) 444-1148 by Thursday, June 11 to reserve your seat.
